Total credit hours: 21

- Doctor of Nursing Practice Core Course (all DNP students)
- Advanced Systems & Population Health Core Course (all ASPH students)
- Track and Shared Track (students by track focus)

*Management/Budget Requirement (3 credits): Students take courses available on the UW Seattle campus to fulfill this requirement. See the chart on the following page for specific courses we have identified in the current UW course catalog.

**Concentration Requirement (min. of 3 credits): Students take non-nursing courses available on the UW Seattle campus to further develop competencies related to the areas of Community Engagement for Health Equity; Global and Cross-Cultural Health; or Health Systems Transformation. See the chart on the following page for specific courses we have identified in the UW course catalog.

***Graduate-level Elective Course (2 Credits): Students take graduate-level nursing or non-nursing courses available on the UW Seattle campus. The courses need to be relevant to CHN practices.

- Students are required to take 3 credits of management/budget and 3 credits from a related field. If the course has variable credits, students will register for 3 credits.
- The lists below are intended to provide Community Health Nursing (CHN) student and faculty options to choose from for each requirement. Availability of these courses could change from time to time. CHN faculty will work with students to select courses that are appropriate for the content and credit requirements.

Courses for Management/Budget Requirement (3 credits required)
GH 521: Global Program Management and Leadership (3)
HSMGMT 560: Management Practice in Health Care and Public Health Organization (1-4, max. 4)
HSMGMT 562: Strategic Management of Health Care Organizations (3-4, max. 4)
