

ARE YOU A NEURODIVERGENT NURSING STUDENT IN WASHINGTON STATE?

We want to hear about your simulation experiences!

A PhD candidate at the University of Washington is conducting dissertation research studying what helps and what hinders neurodivergent pre-licensure nursing students in simulation-based learning in Washington state nursing programs.

You may be eligible if you...

- Are 18 years or older
- Are currently enrolled in, or recently graduated from, a pre-licensure RN program in Washington state and do not yet hold an RN license
- Identify as neurodivergent (e.g., ADHD, autism, dyslexia, or any other neurodivergence)
- Have participated in at least one clinical simulation (in-person) as part of your nursing program

No formal diagnosis or disclosure to your nursing program is required.

Participation involves...

Demographic questionnaire

Online (5-10 min)

Semi-structured interview

Zoom meeting (60-90 min)

Flexible scheduling available

Earn a \$60 gift card!

Participants will receive a \$60 gift card after completing the demographic questionnaire and interview
