PROGRAM COMPONENTS

Selective-entry, cohort-based 2-year program	UW-designed class taught in 8 sessions	Learn in clinical & community-based environments

COMMUNITY BASED EDUCATION

Rural and urban under-served communities require healthcare workers who are well-prepared for team-based care and reflect the communities they serve.

To address this dire need, HRSA offers **AHEC Scholars**, a free 2-year **interprofessional certificate program** available to students in an HRSA-qualified health professions degree program or an allied health workforce degree program of at least 2 years.

Curriculum Core Topic Areas:

- Behavioral Health Integration
- Connecting Communities and Supporting Health Professionals
- Artificial Intelligence in healthcare
- Current and emerging health issues
- Interprofessional Education
- Practice Transformation
- Social Drivers of Health
- Virtual Learning and Telehealth
